Changes to Your Family's Financial Situation

If your or your family's financial situation has changed significantly from what is reflected on your federal income tax return (for example, if you've lost a job or otherwise experienced a drop in income), you may be eligible to have your financial aid adjusted. Complete the FAFSA questions as instructed on the application (including the transfer of tax return and income information), submit your FAFSA form, then contact the school you plan to attend to discuss how your current financial situation has changed. Note that the school's decision is final and cannot be appealed to the U.S. Department of Education. Visit [StudentAid.gov/coronavirus](https://studentaid.gov/coronavirus) for more information.

- ▶ **Tip: Use your FSA ID to start your FAFSA form.**
- ▶ When you create your FSA ID, be careful to enter your name and Social Security number **exactly** as they appear on your Social Security card. Then, if you go to fafsa.gov to start your application and indicate that you are the student, you will be given the option to enter your FSA ID or to enter your “identifiers” (your name, date of birth, and SSN).
- ▶ If you log in with your FSA ID, certain information (including your name, Social Security number, and date of birth) will be automatically loaded into your application. **This will prevent you from running into a common error that occurs when your verified FSA ID information doesn’t match the information on your FAFSA form.** Additionally, you won’t have to provide your FSA ID again to sign your FAFSA form electronically or to use the Internal Revenue Service Data Retrieval Tool (IRS DRT) if you’re eligible.
- ▶ The student is the one applying for financial aid, so be sure it’s the student entering his or her FSA ID in the “I am the student” tab. **Do not start the FAFSA form by supplying the parent’s FSA ID.**

FREE APPLICATION for FEDERAL STUDENT AID

July 1, 2022 – June 30, 2023

Federal Student Aid | PROUD SPONSOR of the AMERICAN MIND[®]

An OFFICE of the U.S. DEPARTMENT of EDUCATION

Use this form to apply free for federal and state student grants, work-study, and loans.

Or apply free online at fafsa.gov.

Apply by the Deadlines

For federal aid, submit your application as early as possible, but no earlier than October 1, 2021. We must receive your application no later than June 30, 2023. Your college must have your correct, complete information by your last day of enrollment in the 2022-2023 school year.

For state or college aid, the deadline may be as early as October 2021. See the table to the right for state deadlines. You may also need to complete additional forms.

Check with your high school counselor or a financial aid administrator at your college about state and college sources of student aid and deadlines.

If you are filing close to one of these deadlines, we recommend you file either online at fafsa.gov or via the myStudentAid mobile app. These are the fastest and easiest ways to apply for aid.

Use Your Tax Return

We recommend that you complete and submit your FAFSA form as soon as possible on or after October 1, 2021. The easiest way to complete or correct your FAFSA form with accurate tax information is by using the IRS Data Retrieval Tool either through fafsa.gov or the myStudentAid mobile app. In a few simple steps, most students and parents who filed a 2020 tax return can transfer their tax return information directly into their FAFSA form.

If you (or your parents) have missed the 2020 tax filing deadline and still need to file a 2020 income tax return with the Internal Revenue Service (IRS), you should submit your FAFSA form now using estimated tax information, and then you **must correct** that information **after you file** your return.

Note: Both parents or both the student and spouse may need to report income information on the FAFSA form if they did not file a joint tax return for 2020. For assistance with answering the income information questions in this situation, call 1-800-4-FED-AID (1-800-433-3243).

Fill Out the FAFSA[®] Form

If you or your family experienced significant changes to your financial situation (such as loss of employment), or other unusual circumstances (such as tuition expenses at an elementary or secondary school or high unreimbursed medical or dental expenses), complete this form to the extent you can and submit it as instructed. Consult with the financial aid office at the college(s) you applied to or plan to attend.

For help in filling out the FAFSA form, go to StudentAid.gov/completefafsa or call 1-800-433-3243.

Fill the answer fields directly on your screen or print the form and complete it by hand. Your answers will be read electronically; therefore, if you complete the form by hand:

- use black ink and fill in circles completely: Correct ● Incorrect ⊗
- print clearly in CAPITAL letters and skip a box between words: 1 5 E L M S T
- report dollar amounts (such as \$12,356.41) like this: \$ 1 2 3 5 6 no cents

Blue is for student information and purple is for parent information.

Mail Your FAFSA[®] Form

After you complete this application, make a copy of pages 3 through 8 for your records. Then mail the original of pages 3 through 8 to:

IRS Data Retrieval Tool

-Use this and you'll be less likely to be required to submit additional documentation

The IRS Data Retrieval Tool (IRS DRT) Electronically Transfers Your Federal Tax Return Information Into Your FAFSA Form.

WHY

EASY: Transfer info with the click of a button.

FAST: Instantly retrieve your information.

ACCURATE: Correctly fill in your information.

HOW

Log in to your current FAFSA form or start a new application at fafsa.gov.

In the finances section of the online form, you will see a “Link to IRS” button if you are eligible to use the IRS DRT.

Click the “Link to IRS” button and log in with your FSA ID to be transferred to the IRS to retrieve your info.

Once at the IRS site, enter your information exactly as it appears on your federal income tax return and click the “Submit” button.

Check the “Transfer My Tax Information into the FAFSA form” box, and click the “Transfer Now” button.

You will know that your federal tax return information has been successfully transferred because the words “Transferred from the IRS” will display in place of the IRS information in your FAFSA form.

For your protection, your tax information will not be displayed on either the IRS site or fafsa.gov.

The IRS DRT can be used by both students and parents. To learn more about the IRS DRT, visit StudentAid.gov/irsdrt.

Part 3 - The College Board's CSS Profile

- ▶ What is it? A second financial aid application that some highly selective colleges require
 - ▶ Skidmore requires this application for consideration of Skidmore Grant eligibility
 - ▶ Many colleges that require this form, including Skidmore, require the “non-custodial” parent also complete a Profile
- ▶ Why a second application?
 - ▶ It collects much more detailed information about you and your family, including:
 - ▶ Home value and debt
 - ▶ Medical expenses
 - ▶ Sibling college enrollment details
 - ▶ Space for you to note any special circumstances

2022-23 CSS Profile Student Guide

This guide provides the basic information you need to complete your CSS Profile application at cssprofile.org starting Oct. 1, 2021.

WHAT is the CSS Profile?

The **CSS Profile** is an online application used by colleges and scholarship programs to award Institutional (their own) aid. (For **federal** aid you must complete the **FAFSA**, available Oct. 1 at fafsa.ed.gov.)

WHEN do I complete the CSS Profile?

Most students complete the application in their senior year of high school. Schools may have different deadlines - be sure to check with each school you are applying to.

WHO must complete the CSS Profile?

Check your colleges' information to determine whether they require the CSS Profile. A **list of participating colleges** is also found on the CSS Profile Homepage. Some schools may also require divorced or separated parents to complete separate applications.

HOW do I complete the CSS Profile?

You submit the CSS Profile at cssprofile.org. Once you sign-in, you will find a list of useful documents, such as your federal tax returns and other financial information that you'll need to have on hand to complete the application. Help is provided within the application and additional help is available in English and Spanish by chat, phone, or email by clicking "Contact Us" in the application.

WHAT does the CSS Profile Cost?

The CSS Profile is free for domestic undergraduate students whose family income is up to \$100,000. The fee for the initial application is **\$25**. Additional reports are **\$16**. Payment may be made via credit or debit card.

The Process

- 1. Sign-in** – If you created a College Board account for the SAT, PSAT or AP, use the same username and password to sign-in. If not, create a new account.
- 2. Complete the Application** – The application provides online help to guide you. You do not need to complete the application all at once; you can save your application and return to it later.
- 3. Submit the Application** – The submit date and time is based on Eastern Time.
- 4. Review Your Dashboard** – Your dashboard will include your payment receipt and any next steps, such as uploading documents through the Institutional Documentation Service (IDOC). You may also add additional schools at any time by clicking on "Add a College or Program."
- 5. Made a mistake?** – If you made a mistake on your application or need to include additional information after you submitted, you can update your application once by clicking "Correct Your CSS Profile" on your Dashboard.

Common Application Errors/Tips

- ▶ Student's Application on which parental info is provided
 - ▶ “your marital status, your social security number” etc = student info
- ▶ Database matches occur after submission of FAFSA
 - ▶ Homeland security is checking for citizenship status of student
 - ▶ Checking for social security number errors with soc sec admin
 - ▶ Checking for Selective Service registration of males 18 years and older
- ▶ Divorced/Separated/Remarried families
 - ▶ Use the parent's info the student lived with in prior 12 months
 - ▶ Only that parent's info is reported unless that parent is remarried
- ▶ Value of any assets are as of the date the app is completed
 - ▶ Exclude funds in retirement plans
 - ▶ Exclude home value/debt on FAFSA
 - ▶ 529 college savings plans are reported as parent asset
 - ▶ UGMA/UTMA are reported as student asset

Part 4 - Financial need and awards

- ▶ How college financial aid administrators calculate what your need is
- ▶ How the college financial aid administrator then determines your eligibility for federal, state and college financial aid awards

How Financial Need is Calculated

Cost of Attendance

- Family Contribution

= Financial Need

What is the Estimated Family Contribution (EFC)?

- ▶ Calculated based on data provided on the financial aid application, including:
 - ▶ Family household size
 - ▶ Family household members enrolled in college
 - ▶ Parent income
 - ▶ Student income
 - ▶ Parent assets
 - ▶ Student assets
- ▶ Used to determine Federal aid eligibility, it is an assessment of the family's (theoretical) ability to pay for the student's education for one year

This example is based on a family size of 4, with 1 in college and a family income of around \$75,000 annually

	4 yr Public	4 yr Private	Community College
College Price	\$ 19,500	\$ 60,000	\$ 3,500
- Family Contribution (EFC)	\$ 9,000	\$ 9,000	\$ 9,000
= Financial Need	\$ 10,500	\$ 51,000	0

Financial Need and Awards

- ▶ “Need” for financial aid varies for each student at each college
- ▶ Award eligibility is often tied to financial need
- ▶ College awards may be based on “need” OR “merit”
 - ▶ Skidmore awards our Grant Assistance based on financial need, our policy is to provide financial aid that equals each admitted student’s need, every year, as long as the student completes the financial aid application on-time
 - ▶ Some colleges cannot provide the amount of funds a student needs, and instead will offer a set amount of “merit” award, for example a \$10,000 scholarship

Net Price Calculators

<https://collegecost.ed.gov/net-price>

U.S. Department of Education

Net Price Calculator Center

Search for Schools' Calculator

What does Net Price mean?

Net Price is the amount that a student pays to attend an institution in a single academic year AFTER subtracting scholarships and grants the student receives. Scholarships and grants are forms of financial aid that a student does not have to pay back.

What is a Net Price Calculator?

Net price calculators are available on a college's or university's website and allow prospective students to enter information about themselves to find out what students like them paid to attend the institution in the previous year, after taking grants and scholarship aid into account.

Award Decisions and Notifications

- ▶ Financial aid awards are usually sent with or shortly after the admission decision
 - ▶ Keep an eye out: it might be online or in the mail that arrives from colleges
 - ▶ Read all information carefully, understand terms and conditions
- ▶ Use Net Price Calculators to get an early rough estimate of awards
- ▶ Compare offers, consider affordability for all years of enrollment
